3b — You went on a nice journey through the literature, but fell just short in terms of how you cited the works that you found and studied. (|)

4d — Good job finding some interesting articles. Hope you had fun doing this :) (+)

4e — Commit frequency and messages are appropriate for the work done. (+)

4f — Submitted on time. (+)

Updated feedback based on 5/3/2014 commit; only re-evaluated outcomes are included:

3b — Additional citation information seen, but information is not always complete and the format does not comply with known formal citation standards. This is progress but still does not fit the description of having “full citations.” (|)
